MID-YEAR BUDGET RESOLUTION	21

INTRODUCTION

The District regularly monitors its actual financial results versus the final approved budget at its regular monthly board meetings. As the fiscal year progresses, assumptions and expectations change based on new information and circumstances. This review process allows the District to adjust its financial projections based on the latest available information. The proposed 2021/22 Mid-Year Budget incorporates the latest assumptions for revenue, expenditures, and fund balances. Below is a summary of significant changes by category from the Final Budget to the proposed Mid-Year Budget.

SUMMARY OF CHANGES

Property Tax Revenue

Property tax revenue is trending consistent with the approved final budget amount in most categories. There is a projected increase of approximately \$81,712, or 20% in Supplemental Tax Revenue based on the latest available collection trends in this category.

Miscellaneous Operating Revenue

There is a projected increase of \$749,776, or 31% in Miscellaneous Operating Revenue. This increase is mostly due to an increase in OES/Mutual Aid Reimbursements projected for the year based on actual incident participation during the 2021 fire season. There is also a significant projected increase of \$190,897, or 83%, in CRRD Cost Recovery Fees. This increase is due to a combination of the following factors: a rise in the volume of inspection/plan review requests, Board approved increases in the District fee schedule effective January 1 of 2021 and 2022, and a newly added contract with El Dorado County for \$60,000 to perform defensible space inspections. Hosted Training Revenue is also projected to come in higher than the final budget amount due to an increase in the volume of courses hosted, which is mostly offset by the added expenditures of instructors and other course costs. Other Miscellaneous Operating Revenue is anticipated to come in roughly \$114,347, or 87% higher than the final budget amount due to the unbudgeted receipt of workers' compensation dividends and higher claim reimbursements than originally projected.

Development Fees

Projections for Development Fee Revenue have increased above the final budget amount of \$1,100,000 by approximately \$291,472 or 26% from the Final Budget amount. This estimate is based on a higher average monthly collection rate this fiscal year to-date than originally projected.

Wages & Benefits

Base salaries and wages in the proposed Mid-Year Budget are slightly higher than in the Final Budget. This is the result of higher vacation sellbacks than anticipated and the change in expense classification for the CRRD retired annuitant (originally budgeted in the Prevention category but moved to the Salaries & Wages category). There are also increases in budgeted overtime for outside aid, consistent with the increase in budgeted OES/Mutual Aid revenue. Projected workers' compensation costs increased due to higher premium rates in the 2022 plan year than originally budgeted. The projections for both active and retiree healthcare costs are slightly lower than that in the final budget, mostly a result of employees and retirees switching to less expensive health plans in the 2022 plan year.

Dispatch Services

There is a projected increase in Dispatch Service costs of \$10,743, or 18% due to an increase in Cal-Fire/Camino billing rates.

Maintenance of Equipment

Maintenance costs of equipment and apparatus are projected to come in favorable to the final budget by about \$84,229, or 30%. This is due to the addition of a Fire Equipment Mechanic as well as fewer repairs needed on apparatus than originally estimated.

Office Supplies

Office supply purchases are trending favorable to the final approved budget.

Professional Services

Savings is expected in the Professional Services category due to the delay in timing of the CFD study and Property Tax Revenue analysis included in the original final budget. Most of this savings will be carried into the 2022/23 budget.

Information Technology

There is projected savings in Software Licenses/Subscriptions and IT Support/Implementation due to the timing of implementation and the purchase of IDT Plans and Image Trend software, as well as savings on budgeted cyber security software and estimated MDC server costs. IT Equipment costs are also expected to come in lower than originally budgeted due to lower unplanned equipment replacements and budgeted Employee Development Center (EDC) IT equipment.

Small Tools and Supplies

There is anticipated savings in this category compared to the final budget of approximately \$12,919, or 13% due to savings on budgeted mechanics' tools and special operations purchases, partially offset by equipment purchased for the new Pierce engines that was not originally budgeted.

Training/Travel

The District is recognizing savings in the Non-Hosted Training and Travel categories this fiscal year compared to the Final Budget due to delays in the timing of training. It is expected that much of this savings will be carried into the 2022/23 budget. EDC Hosted Training is expected to come in higher than the final budget amount due to an increase in the number of hosted courses. This added expense is offset by additional revenue.

Fire Prevention

The anticipated savings of \$39,108, or 33% in this category is mostly due to a change in expense classification of the budgeted retired annuitant. This position was originally budgeted in this category but moved to the Salaries & Wages category.

Utilities

Electricity charges are expected to be higher than in the original final budget due to an increase in expected electricity true-up charges.

OPEB UAL Additional Lump Sum Payment

A transfer to the PARS OPEB Section 115 Trust account was approved by the Board in December 2021. This transfer of \$1,021,551 represented budget excess from the 2019/20 and 2020/21 fiscal years. It is Staff's recommendation that the original budgeted transfer of \$175,437 for the 2022/23

fiscal year is redirected to the Capital Replacement Fund to cover the added shortfall that will result from 25% of the Training Center Expenditures not funded with Development Fees.

Capital Assets

There is a projected increase in Capital Asset spending of \$586,709, or 13% compared to the Final Budget. This is mostly due to the timing of purchases and projects. There is an expected increase of \$1,382,500 in Training Center expenditures as the project has progressed faster than originally projected. Conversely, the timing of several other capital purchases has been delayed and carried into future fiscal years, such as the Mechanic's Vehicle, the replacement BC Vehicle, the Lake Boat, the Air 85 upgrade and the CAD to CAD upgrade. Budgeted purchases that remain relatively consistent with the final budget include the purchase of the station solar systems, two (2) Type 1 Engines, and portable/mobile radios.

Transfer to Pension Reserve Fund

The amount of the budgeted transfer from the Unassigned General Fund to the Pension Reserve Fund increased from the Final Budget amount due to the timing of the 2020/21 transfer. A transfer of \$1,250,000 was approved by the Board in December 2021 for the 2020/21 fiscal year. An additional transfer of \$1M is budgeted for the 2021/22 fiscal year, consistent with the final budget.

Transfer to Capital Replacement Fund

There is an increase in the recommended transfer from the Unassigned General Fund to the Capital Replacement (Committed) Fund of \$937,723. All remaining budgeted excess of revenues over expenditures is recommended to go to the Capital Replacement Fund in the amended Mid-Year Budget to help cover the added shortfall of approximately \$2.4M that will result from 25% of the Training Center Expenditures not funded with Development Fees.

RECOMMENDATION

Staff recommends that the Board adopt the proposed 2021/22 Mid-Year Budget.

EL DORADO HILLS COUNTY WATER DISTRICT RESOLUTION 2022-09

Resolution Adopting the 2021-2022 Mid-Year Budget

WHEREAS, the Board of Directors of the El Dorado Hills County Water District Board (the "Fire District") held a public hearing during which time additions and deletions to the 2021-2022 Mid-Year Budget were made; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors in accordance with Section 13890 of the Health and Safety Code, the Mid-Year Budget for the Fiscal Year 2021-2022 is hereby adopted in accordance with the following:

Budget Category	Increase/(Decrease)
Wages & Benefits:	\$ 492,198
Services and Supplies:	(375,189)
OPEB Lump Sum Payment	846,114
Capital Assets:	
Structures and Improvements	1,385,322
Apparatus and Vehicles	(576,899)
Equipment	(221,714)
Total Budget Requirement Increase:	\$ 1,549,832

BE IT FURTHER RESOLVED that, except as specified below, the means of financing the expenditures will be by monies derived from Property Taxes and Other Miscellaneous Operating Revenues.

BE IT FURTHER RESOLVED that the means of financing the OPEB Lump Sum Payment will be by monies derived from the Unassigned General Reserve Fund.

BE IT FURTHER RESOLVED that the means of financing the Capital Asset expenditures will be by monies derived from the Capital Replacement Fund and Development Fee Fund.

BE IT FURTHER RESOLVED that the Mid-Year Budget is hereby adopted and available for inspection by interested persons.

The foregoing resolution was duly passed and adopted by the Board of the El Dorado Hills County Water District at a special meeting of said Board held on the 25th day of May, 2022, by the following vote:

AYES: 4

ABSTAIN: O

NOES: O

ABSENT: \

Bobbi Bennett, President

ATTEST:

Jessica Braddock, Board Secretary
