Customer Service

Greetings Board Members,

I hope this communication finds you all well.

I recently spent a couple weeks back in El Dorado Hills for our daughter Annies wedding. Thanks to the El Dorado Hills CSD working with us, we were able to have it at Kalithea Park on June 15th which was a beautiful venue. It was very special to us, as Sondra and I were married 30 years and 11 days prior at Ridgeview Park, so it was full circle having our youngest married in an EDH park.

While in town for several weeks prior to the wedding we visited many of our old EDH friends, and had contact with several EDH businesses that were assisting with the wedding. Many of these people I have had relationships with for over 35 years. While speaking with them about changes in the community, I was surprised to hear that there was a common theme of disappointment related to the Fire Department.

As the previous Fire Chief with many years of going "above and beyond" for the business community I have found that many of them are still comfortable confiding in me. I was approached by multiple business owners who were upset and highly dissatisfied with the way that they have been treated in recent years. They stated that "the Department went from having a fantastic relationship with the business community, to one that is very antibusiness, and difficult at best to work with". I was told that this sentiment is shared throughout the entire Chamber of Commerce. The fire department as a special district should be perceived as a partner in the community, not as a difficult to work with bureaucracy.

On a more personal note, I want to relate my first-hand experience with the El Dorado Hills Fire Department Prevention Division which seems to reinforce many of the concerns that were shared with me. As a courtesy I contacted the Fire Department to see if they needed anything from us related to the wedding venue, and the 40x60 ft tent that we were going to have in the park. I sent a satellite picture of the park showing where the tent was being placed. I stated that all cooking was being done in a food truck in the parking lot, so there would be no open flame in the tent, just a dance floor, seating for about 90 people, and a DJ. I Informed them that the tent would be there for less than 24 hours. This information would have been more than sufficient a few years ago, but Fire Prevention stated that they would need a full application for permit filled out even for this small temporary event. They directed me to the website and told me to click on the link for permits, then follow the "SIMPLE instructions to fill out the application. I was told that once I paid the \$350 plan check fee, that they could review and approve the plan. Now keep in mind that the entire PLAN consisted of a satellite photo of Kalithea Park, and a rectangle drawn on it representing the proposed tent placement.

WELL... The first issue came not long after I logged in to fill out the application. I was immediately given only two options, Residential, or Commercial??? This was neither, so I called, and called, and after multiple attempts finally got a call back. I was told to click on the commercial link... Confused by that answer, I followed those instructions. The first page wasn't bad, just <u>PROJECT</u> name, and location, so I put <u>Wedding</u>, and the address of Kalithea Park. That was unfortunately the ONLY SIMPLE part. The next page asked for building construction type, but only gave TYPE I, II, IV, or V options on the drop-down menu, none of which applied. I went through the process of calling again, and finally made contact. I was told "it didn't matter", and to just choose one, and they would work it out on their end??? I followed those directions, and then the next page asked for about 10 different plan attachments, including; Sprinkler Plan, Engineering, Fire Rating etc, etc, etc, NONE of which applied, or would be needed for my situation. Again, the online form would not let me move forward, so I called and was told that even though none of those plans applied to my situation, "just check all the boxes" so you can finish the application??? I did as

directed, even though I was now convinced that they were trying to hammer a square peg into a round hole. FINALLY, after several days, and a lot of frustration I was able to complete the form.

They reviewed the plan and approved it relatively quickly. Probably because, like I stated earlier, it was a one-page satellite picture of the park with a rectangle on it representing the proposed tent placement. None of that other stuff applied, so I can't imagine more than 60 seconds was spent "reviewing the plan". The next shock came when they informed me that because the tent wasn't being set until Saturday morning there would be an extra \$350 charge for the weekend on-site inspection. Stunned at a now total \$700 charge for a tent that would be there less than 24 hours, I paid the bill. The on-site inspection on Saturday took less than 15 minutes, which includes the time it took to drive up to the park and back to the station. This very simple inspection could have easily been done by the on-duty crew, with no need to bring in over-time Fire Prevention personnel on a Saturday.

Now, don't get me wrong... I have no problem with paying a <u>reasonable</u> fee for a service that is properly categorized. It does seem however that I was required to pay a commercial inspection fee for a service that in no way applied to our situation, as it was obvious that there is no category for this type of temporary event. Additionally, as you know, the law requires that if you are going to charge fees for this type of thing, you MUST prove a nexus to time and materials actually spent. To charge \$700 for what was likely less than a total of 20 minutes' worth of work should raise serious concerns. My fear is that when you create a bureaucracy that relies on charging fees to justify their existence, they will do so at all costs, even if it jeopardizes the reputation of the Department. I did contact the Fire Prevention Division after the event was over to express my concerns, but was simply told that the fee was the minimum business inspection fee, I explained to them that this was not a business, and they simply reiterated that this was the minimum fee. I would recommend to anyone planning a small temporary event like this to not notify the Fire Department, and avoid the frustration, and exorbitant fee!

My own experience, and those that were shared with me felt less like <u>customer service</u>... and more like <u>customer serve US</u> which seems to be a significant shift in policy. The Department gets one of the highest AB-8 property tax apportionments in the County, and charges one of the highest development fees in the region. The customers, both business owner and resident should get something in return for that, and that should be EXCEPTIONAL CUSTOMER SERVICE. The El Dorado Hills Community deserves better! Sad to see from a Fire Department that I loved for over 30 years...

Respectfully;

Dave Roberts

Fire Chief - Retired

Serving the Communities of El Dorado Hills, Rescue, and Latrobe.

to building footprint required new review under same permit number); Access Improvement Map - Ryan Ranch, Beaver Pond & Vista Stream Court - Locked.pdf

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Afternoon Mr. White.

My name is James Swanson, and I came to the board of directors meeting on July 18th and explained the situation I am in and how I was looking for assistance in the matter. I wanted to leave some bullet points to help summarize the situation as it is still unresolved and believe the request being made is unjustified. I have been in construction for nearly 20 years and never seen a request of this magnitude requested especially to a private citizen.

Summary

My wife and I bought land which had an approved building permit, and we could start building right away however we needed to make design changes to meet our family needs. In doing so we resubmitted our plans to building and planning which were approved within 2 weeks. We then submitted the revised plans to EDH fire on 1/17/24. In which we received corrections in which many were understandable however road improvement requirements were being required of us. This road is owned and managed by our road association. I was informed that I can build the original approved house with no road improvements required because the plans were already approved however because I made changes to the house (Which remained in the same location) I now have road improvement requirements to meet.

Series of event

- 1/17/24 did in person plan review, which was performed, and the road was brought up which needed further review by others before an answer was provided
- The first request was all of beaver pond road was to be improved.
- The first request was reduced to 5 specified locations. (Map Attached) From original submission to this point took roughly 6 months
- 7/18/24 I came to the board of directors meeting to bring up my situation. After I spoke to the board Chrishana Fields came and discussed the situation with me and we came to an agreement that I would take care of two things that they requested and since it did not have to do directly with the road, I agreed to them. (Email thread attached)
 - One item is to move two lion's statues the previous owner left behind
 - Second was to add a turn out on my property adjacent to the road
 - The day I came to the board of directors meeting, I had requested that a email/letter be sent to the building department as they agreed they would give me a courtesy inspection once I showed I was actively trying to resolve the situation. I had to send a multitude of emails to EDH Fire which were not responded to until I cc you and your office.
 - Once the building department was able to have a conversation with the EDH fire then a courtesy
 inspection for my footings was granted and the building department performed immediately

- The second-round comments I received from EDH fire were not only the two items that Chrishan and I discussed however a Geotechnical report of vista stream road is also being required. This road and beaver pond are one in the same which are owned and managed by the road association.

Additional Information,

- A neighbor on Beaver pond who built in 2020-2021 received no requirements of road improvements when he filed for his new build project. Same codes applied then as they do now. Why are request being made of me and a code sited that was in affect when other permits were pulled.
- Why is a road which is managed by another entity, and I have easement rights to begin required of me.
- How is it ethically right to be told I can build the original house just not the house that fits my family needs?
- Months prior to my purchase of this property EDH fire did training drills on this property.

As previously stated in my professional career I have never seen such request being made of anybody or entity. It is truly bewildering to me and is to the point where I believe we are being harassed.

I am hoping you will be able to assist in the matter. I also added the last email thread with Casey where we requested this Geotech requirement of Vista stream be removed and our concerns with it. The response we received is that the requirement still stands. I truly hope you understand our frustration with this situation, and you are able to help. If you are not able to help resolve this issue, please let me know as we are looking into contacts within Cal Fire to assist in this matter as and any other entities which may be able to help us.

Respectfully,

Better"

Medic Unit Response Comparison by Month/Year

| MONTH | 2024 | 2023 |
|-----------|--------|--------|
| January | 90.24% | 82.43% |
| February | 86.71% | 89.68% |
| March | 92.89% | 89.33% |
| April | 92.89% | 88.49% |
| May | 91.35% | 89.44% |
| June | 88.15% | 87.10% |
| July | 95.22% | 84.25% |
| August | 92.92% | 88.53% |
| September | | 90.88% |
| October | | 89.77% |
| November | | 88.57% |
| December | | 90.65% |

The percentages represented does not reflect reconciled percentages from exception reporting

Response times standards are designed to ensure a quick response to the public's request for assistance is achieved. The times listed above are raw, in that, they do not reflect "accepted reasoning" for the delay. At the end of each month, exception reports are filed with the County of El Dorado (Local EMS Agency) by the Department for incidents that are outside the established response time parameters. The reports provide the reasoning why the ambulance did not respond in a timely manner. These reports are then reviewed by the Local EMS Agency and either accepted or denied.

Examples of acceptable reasoning are, but not limited to, weather delays, incorrect address, patient left scene, road construction, incident downgraded in severity requiring no lights/siren (Code 3), etc. Once a decision has been made whether a reason is valid or not, the percentage may be adjusted.

Operations

In August 2024 we continued sending resources out for large wildfires throughout the state of California and even into Oregon. Internally we saw increases in emergency incidents involving vehicles, such as vehicle fires and vehicle accidents.

We saw a major increase in engineer training as our firefighters continued preparing for an engineer's test which is in October of this year. Many of them became acting engineers which allows them to work on shift in an engineer capacity. We have engineer training scheduled in September which I will report on next month.

The apparatus committee and I visited the Pierce factory back in Wisconsin. We finished the build out of new Engine 91 as well as new Truck 85 which both will be arriving before Summer of next year.

Finally, I would like to congratulate and welcome our five new Paramedics. They were hired on August 6th, went through a two-week Academy, followed by two weeks of paramedic accreditation. They are all doing well and are a great addition to our fire family.

Battalion Chief Updates

<u>A-Shift – Chief Antonio Moreno</u>

Incidents:

<u>Vegetation Fire – Silverleaf Dr., Rescue</u>

Battalion 85, Engines 84, 85, 86, 87, WT85, Deputy Chief 8503, Chief 8500, and Medic 85 responded to assist Rescue Fire Protection and Cal Fire with this 41-acre fire. No injuries or loss of structures were reported.

Vehicle Accident – Latrobe Rd. x Ryan Ranch Rd.

A logging truck and van collided resulting in minor injuries.

Boat in Distress – Folsom Lake

Engine 84, Water Rescue 84, and Battalion 85 responded to a boat taking on water with four adults and four children on board. The boat managed to beach on the north shore. All parties were safe and transported back to the marina.

<u>Commercial Structure Fire</u> – Missouri Flat Rd., Diamond Springs

Engine 86, Engine 91, and Medic 86 responded Mutual Aid as an additional response to assist with a fire in the Fresh Mex Express Restaurant. (Pic courtesy of internet)

Vegetation Fire – Beatty Drive

A small grass fire was ignited by equipment working in a construction area. No property damage occurred. Handled by Engine 85 and Folsom Engine 39.

<u>Paraglider Accident –</u> <u>Fiddletown, Amador County</u>

Engine 91 responded automatic aid to a paraglider accident along Fiddletown Road. The patient had been gliding from the Coloma area when he crashed into a tree canopy on descent. The patient was transported to a valley trauma center via air ambulance with moderate injuries.

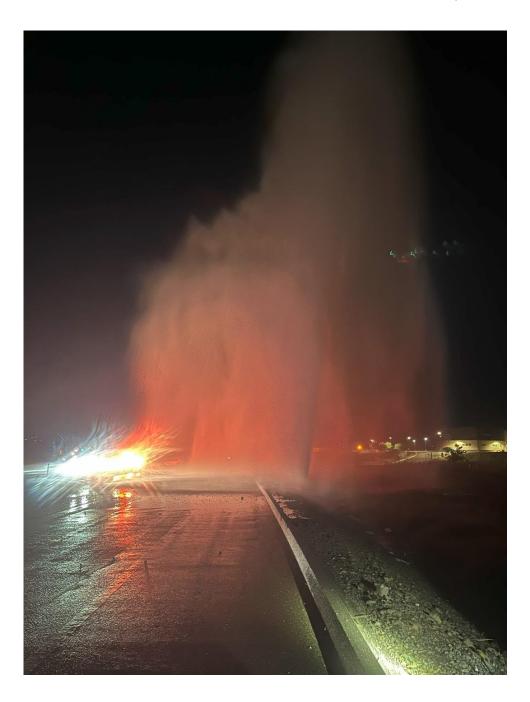

<u>Vehicle Fire – Oak Tree Circle</u>

Engine 84 easily handled this engine compartment fire in the Telegraph Hill area.

<u>Vehicle Accident – Latrobe Rd. and Suncast Lane</u>

A solo vehicle accident involving a water main relief valve created a 100' tall geyser along Latrobe Rd. Battalion 85 was driving by just after the accident occurred witnessing a second vehicle colliding with the original vehicle that had been disabled in the roadway. Both parties refused care. Northbound Latrobe Road was closed for about 2 hours while we awaited EID and County Roads.

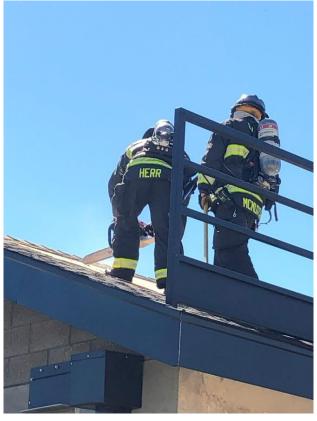

Significant Training:

Residential Fire Scenario

Engines 85 and 87 performed attack line deployment, established water supply, and conducted vertical roof ventilation evolutions in a multi-company format.

Utility Terrain Vehicle

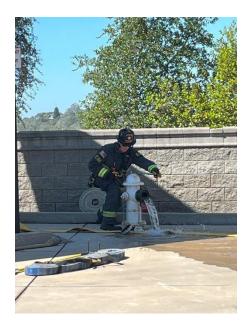

The new recruits were given orientation and hands-on training with the Department's UTV. It included trailering, maintenance, cone course, and off-road driving.

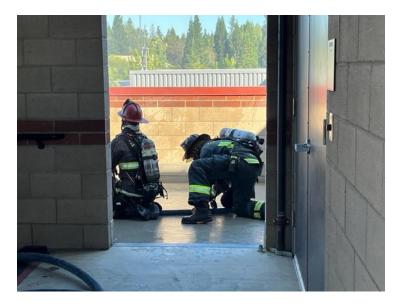

Above Ground Hose Operations

All crews participated in extending lines aloft and operating off the standpipe system.

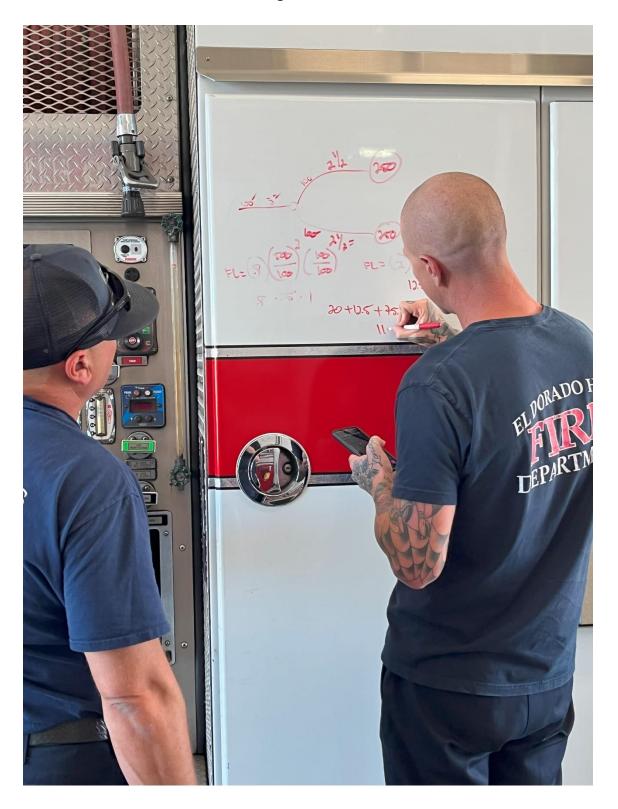

Engineer Development

- Engine 386 returned from its July Deployment on August 9th ending a 16-day deployment.
- Chief Hall returned from his July 27th Strike Team Leader assignment after being relieved by Battalion Chief Landry. This was a combined 21-day assignment.
- Captain Belleci returned from his Safety Officer assignment on August 13th after a 16-day deployment.
- Chief Johnson and Deputy Chief Lilienthal deployed for 4 days to the Crozier Fire here in El Dorado County as Liaison Officer and Public Information Officer respectively.
- The OES Incident Support Unit is deployed to the Boise Fire in Humboldt County with Battalion Chief Hathaway and Engineer Leduc, returning August 31st.
- Deputy Chief Brady is currently deployed to the Coffee Pot Fire in Tulare County.

B-Shift – Chief Ryan Hathaway

Incidents:

Residential Structure Fire - Folsom

T85 and B85 responded to a residential structure fire in Folsom. T85 was assigned search, salvage and overhaul. B85 was assigned to Division A.

Vehicle Fire

E86, E85, B85 responded to a vehicle fire at a residence driveway threatening a structure.

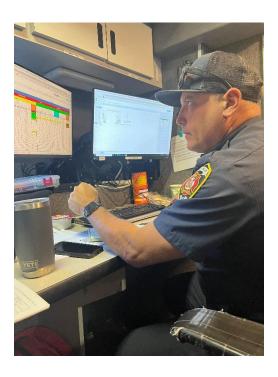

Deployments - August

Boise Fire – Six Rivers National Forest

Captain Hathaway and Engineer Leduc responded to the Boise Fire on the ISU.

Significant Training:

T85 – Vertical Vent Training at the FTC.

Significant Training continued:

E84 – Engineer Pump Training with multiple lines and master stream.

Significant Training continued:

B Shift – E86, E85 and M86 Rescue Training at Station 86

<u>C-Shift – Chief Chris Landry</u>

Incidents:

<u>Vehicle Fire – EB US 50</u> <u>at Bass Lake</u>

E386 extinguished a single vehicle engine compartment fire. No injuries were reported.

Vehicle Fire – Hawk View Rd.

E386 extinguished a single vehicle engine compartment fire. No injuries were reported.

<u>Vehicle Accident – Francisco Dr. at Green Valley Rd.</u>

E84C, M85C, E85C, and B85C responded to a two-vehicle accident with minor injuries at the stated intersection.

<u>Propane Leak – Salmon Falls Dr.</u>

E84C and B85C responded to a propane leak caused by a trailer backing into and knocking over a residential supply tank.

Vehicle Roll-over - Park Dr. and EDH Blvd

E85C, E87C, M85C, and B85C responded to a rollover MVA with minor injuries.

Park Fire – Butte County, Northern California

August 7-15, 2024.B85C deployed to STEN on the Park Incident.

Significant Training:

Residential Fire Scenario

C-Shift multi-company drill organized by Engineer Austerman (acting as E84C Captain) included residential structure fire tactics and a medical scenario.

Significant Training continued:

Fire Training Center – Acting Engineer

Acting Engineer Assessment Center successfully completed by Firefighters' Lewis and Franzen.

Training Update

This month company and multi-company fire training focused on commercial forcible entry, FDC/Standpipe, and RIC deployments. Several Engineer candidates completed the Acting Engineer process through the Training Division. EMS multi-company training for the month of August consisted of protocol review on hyperglycemia, seizures, head trauma, and crush syndrome. Crews also completed PATS training for the month.

Company Training:

EDH crews completed training on commercial forcible entry training, FDC/Standpipe, and RIC deployments at the EDH Fire Training Center. Crews also conducted company and multi-company EMS training at their respective stations.

EMS Training:

Multi-Company drill: Glycemic emergencies, Seizures, Head trauma, Crush syndrome, Airway obstructions,

PATS-Pt. Assessment Scenarios, Quick Trach

Mandate Training:

N-95/P-100 Fit Testing completion by Sept 2024

Building Walk-through:

Crews completed target hazard assessments in their own first-in areas discussing tactics and strategy.

EL DORADO HILLS FIRE DEPARTMENT

"YOUR SAFETY ... OUR COMMITMENT"

Community Risk Reduction Division

August 2024 Report

OVERVIEW

The El Dorado Hills Fire Department, Community Risk Reduction Division (CRRD) continues to see significant residential development and vegetation management program activity throughout the reporting period. Major construction activity continues in the Valley View Eastridge, Promontory, Carson Creek, Ridgeview, and Bass Lake North areas of the District. New project proposals: Community Heath for Independence consisting of 4,162 residential acres and 167 commercial acres, Generations residential subdivision consisting of 379 single-family dwellings, Alto residential subdivision consisting of 23 parcels, Vineyards residential subdivision consisting of 42 parcels, La Canada residential subdivision consisting of 40 parcels, Wildhawk residential subdivision consisting of 70 parcels, Creekside Village residential subdivision consisting of 926 single-family dwellings, Rancho Victoria residential subdivision consisting of 8 40-acre residential parcels, Latrobe Self Storage at Latrobe Rd. and Suncast Lane, Town & Country Village conference and hotel facilities at Bass Lake Road, Montano 330 multi-family dwelling units at White Rock Rd. & Latrobe Rd., Quantam Care Residential Care Facility at Carson Crossing, and Costco at Silva Valley are ongoing. New commercial construction consisting of the Gateway of El Dorado industrial development at Golden Foothill Parkway and Aloft Hotel in Town Center continues to progress.

CRRD has received a total of <u>105</u> applications for permit in the month of August 2024. New home construction permit activity was the leading permit submittal type with <u>76</u> plan applications received.

MAJOR ACCOMPLISHMENTS

CRRD staff completed the following activities during the last 30 days:

- Completed <u>159</u> reviews of plans for permit.
- Completed <u>248</u> construction inspections and <u>93</u> smoke and carbon monoxide alarm inspections.
- Completed **18** fire and life safety inspections of residential and commercial occupancies.
- Completed **3** defensible space real estate transaction and vegetation complaint inspections.
- Completed <u>68</u> vegetation inspections on unimproved parcels within the District.
- Completed 2 car seat installation trainings.

El Dorado Hills Fire Department 2024/25 Final Budget

INTRODUCTION

Presented herein is the recommended El Dorado Hills County Water District Final Budget for fiscal year 2024/2025. Per statutory requirement, the Final Budget must be adopted by September 30, 2024.

BACKGROUND

The Final Budget was developed with the participation and input from the Director of Finance, Accounting Analyst/Board Clerk, Executive Staff, Program Managers and the Board Finance Committee. The funding philosophy for this budget is consistent with prior years in that a portion of the various fund balances is identified to fund a portion of the budgeted expenditures. This meets the objective of keeping the District on a progressive track while providing for continuous growth and efficiencies.

SUMMARY

The budget is currently broken down into four separate funds: Unassigned General Reserve Fund, Capital Replacement Fund, Development Fee Fund (restricted) and Pension Reserve Fund (restricted). Below is a summary of each fund:

Unassigned General Reserve Fund

The unassigned general reserve fund provides for all ongoing expenditures to maintain the District's continuing operations. These expenditures include personnel costs, supplies, services, governmental fees, and other miscellaneous operating costs. Generally, this portion of the budget includes those operating expenditures that are recurring and routine in nature. To maintain a strong fiscal balance, the general operating expenditures are funded from recurring operating revenues.

The District reserve policy establishes guidelines for maintaining a minimum balance in the unassigned portion of the general reserve fund, referred to as the "Operating Reserve Fund," equivalent to at least one half of the current year budgeted operating expenditures. The budgeted ending unassigned general reserve fund balance for 2024/25 meets this requirement.

Capital Replacement Fund

The capital replacement fund is the portion of the general fund committed by the Board of Directors to reinvest in the infrastructure of the District. Generally, these investments are in the replacement or necessary improvement of fleet, facilities and equipment that exceeds routine maintenance. All District capital expenditures that are not qualified to be funded with development impact fees are budgeted in the capital replacement fund for fiscal year 2024/25.

The District reserve policy requires an annual contribution to the capital replacement fund, ensuring the fund balance remains sufficient to repair, restore or replace the District's capital assets upon retirement or disposal. The policy also provides for an additional transfer into the capital replacement fund if there is an identified shortfall in the fund and there is a budgeted excess of revenues over expenditures.

There is a budgeted transfer of \$1,880,510 from the general reserve fund to the Capital Replacement fund in 2024/25. This amount includes the calculated annual contribution of about \$1.4 million per the most current capital replacement schedule, plus an additional transfer of \$480,510 representing capital grants revenue that will be used to fund specific budgeted capital expenditures.

Development Fee Fund

The development fee fund is used to account for all restricted development impact fee revenue and qualifying expenditures. Fund expenditures are restricted to capital investments directly resulting from growth in the District. The District's current development impact fee schedule is based on a nexus study that was approved by the Board of Directors in December 2017 and by the County Board of Supervisors in March 2018. Planned qualifying expenditures are identified in this study.

Reserve Fund Balances

The District continues to closely monitor and control expenditures in an effort to preserve its reserve balances and avoid future debt financing. The final budget reflects an overall decrease of \$199,811 in total reserve balances for fiscal year 2024/25.

The unassigned general reserve fund balance is projected to increase by \$317,210 after all budgeted transfers out of the fund. This increase is due to a budgeted excess of revenues over expenditures for the year.

There is a budgeted decrease of \$707,837 in the capital replacement fund balance, as planned expenditures from this fund for the fiscal year are greater than the budgeted transfer in from the unassigned general reserve fund.

There is a budgeted increase in the development fee reserve fund of \$190,815, as development impact fee revenue for the fiscal year is expected to exceed qualifying expenditures. The District's unassigned general reserve fund is "owed" approximately \$840,102 from its development fee fund as of June 30, 2024 for qualifying expenditures made in 2023/24. Reimbursement to the unassigned general reserve fund is anticipated in fiscal year 2024/25.

As mentioned above, the District's reserve policy requires the "Operating Reserve Fund," or the unassigned fund, to cover a minimum of six (6) months (50%) of operating expenses. The intent of this policy is to maintain adequate cash flows and avoid having to borrow to fund regular ongoing operations. However, it is important to recognize that the District's "dry period," or the period in between the two primary property tax revenue collections each year, is greater than 6 months. Property tax transfers from El Dorado County typically occur in January and May of every year, with a smaller final transfer in September to close out the previous fiscal year. Essentially, the District does not have any significant cash inflows between May and December, or roughly 67% of the year. Therefore, the District would need closer to 67% of operating expenditures in liquid reserve fund balances to avoid borrowing during this dry period.

Historically, the District's unassigned reserve fund balance well exceeded this target. At June 30, 2019, the unassigned reserve fund balance was roughly 91% of operating expenditures for that fiscal year. We have since experienced a steady decline in this percentage, with a projected reduction to 67% at June 30, 2024 and a further drop to 61% at June 30, 2025 based on the proposed final budget. Fortunately, the capital replacement fund, while committed, is on deposit with our unassigned fund balances and can be utilized as a "buffer" for cash flow purposes. The unassigned and capital replacement funds combined are projected to represent roughly 78% of projected annual operating expenditures at June 30, 2025 based on the proposed final budget. However, utilizing the capital replacement fund to pay for day-to-day operating expenditures, such as payroll, is not a sustainable

strategy considering those funds are committed for the future replacement of capital assets and aren't intended to fund regular operations.

If the trend of declining unrestricted fund balances as a percentage of operating expenditures continues into the future, the District will eventually be faced with having to either (1) withdraw from its pension reserve fund to pay for its annual pension expense, therby reducing the burden of operating expenditures on the unassigned fund, (2) incur debt to cover ongoing operating costs during the dry period, or (3) bank with El Dorado County. Management is cognizant of this challenging trend and is strategizing on ways to build up the unassigned fund to a more sustainable level. Fortunately, there is a projected excess of revenues over expenditures in fiscal years 2023/24 and 2024/25, and the recommendation is that the excess remain in the unassigned fund, as reflected in this budget.

Appropriation (GANN) Limit

Article XIII B of the California Constitution requires state and local governments to establish an appropriation, or "Gann" limit each fiscal year. This limit is the ceiling above which tax dollar spending cannot exceed for the fiscal year. Base year revenues are increased annually by a factor that combines a population growth rate and the increase in the California per capita personal income. Special Districts may choose to use the population growth rate of the District or the County population growth in unincorporated areas.

For fiscal year 2024/25, the District calculated the appropriation limit by combining the California per capital personal income increase of 3.62% (provided by the California Department of Finance) with the population growth in the District of 2.16% (also provided by the California Department of Finance). The calculated ratio by combining these two factors is 1.0586 (1.0362 x 1.0216). Applying this ratio to the 2023/24 limit of \$58,488,927 results in a calculated 2024/25 appropriation limit of \$61,915,321. Budgeted appropriations for fiscal year 2024/25 are well below this limit.

RECOMMENDATION

Staff recommends that the Board of Directors review, discuss, and approve the 2024/25 Final Budget.

BUDGET SUMMARY ALL FUNDS

El Dorado Hills Fire Department 2024/25 Final Budget

SUMMARY OF SIGNIFICANT ASSUMPTIONS AND CHANGES FROM PRIOR YEAR

PROPERTY TAX REVENUE

- **Secured, Unsecured, and Homeowners Exemption Property Tax Revenue** are budgeted based on estimates provided by El Dorado County. There is a combined budgeted increase of 5.15% from the prior year actual revenue in these categories, which is relatively consistent with the increase in District assessed value of 5.24% from the prior year.
- Supplemental Tax Revenue is budgeted based on recent collection trends in this category.
- **Latrobe Base Transfer Revenue**, while at the El Dorado County Board of Supervisors' discretion, is budgeted to be collected in 2024/25.
- **Property Tax Administration Fee** is a direct offset to property tax revenue and represents the fee charged by El Dorado County for the collection services it provides on behalf of the District. The 10% increase from the previous year in this category is budgeted based on the estimate provided by El Dorado County as well as historical trends.

OTHER REVENUE

- **CRRD Cost Recovery Fees** are collected by the Community Risk Reduction Division to recover the cost of services provided within the District and are budgeted based on the current adopted fee schedule. There is a slight decrease in this category from the prior year budget due to the removal of the defensible space inspection contract with El Dorado County for \$200,000. This decrease is mostly offset by an increase in budgeted transaction volume based on recent trends.
- **Hosted Training Revenue** is budgeted based on the current planned hosted training course lineup for 2024/25. This revenue is offset in the budget by direct hosted training expenditures and indirect operating and administrative costs.
- **JPA Revenue** is budgeted to increase by roughly 10% based on the addition of Medic 86 for a full year, as well as an increase in the maximum reimbursement allowable per the 2024/25 contract with the JPA.
- Capital Grants Revenue includes three anticipated grants in 2024/25 which will fund replacement radios, a new lake boat, and an AV equipment upgrade in the main conference room at Station 85.
- OES/Mutual Aid Revenue is estimated to increase significantly from the prior year with the expectation that 2024/25 will be a more severe fire season. This revenue is mostly offset by OES overtime costs.
- **Interest Earned** is based on current trends in interest rates and earnings.
- **Miscellaneous Operating Revenue** includes workers' compensation reimbursements and dividends, Department purchasing card quarterly rewards, and other miscellaneous revenue. Revenue of \$200,000 is included in this category for the contract with El Dorado County for

OES management services. Also included are workers' compensation dividends in the amount of \$158,986, a significant increase from the dividend award in the prior year.

WAGES & BENEFITS

- Salaries & Wages for all personnel reflect anticipated step increases as well as a 2% cost of living increase effective July 2024, consistent with the negotiated MOU and unrepresented wages and benefits resolution.
- Safety (Fire) Salaries & Wages reflect an increase in funded floater firefighter headcount by three (3) from the prior year budget.
- **CRRD Salaries & Wages** reflect a decrease in headcount by one (1) defensible space inspector and two (2) part-time retired annuitants (extra help).
- Administrative Salaries & Wages reflect no changes in headcount.
- **Education/Longevity** costs reflect an increase due to an increase in the number of employees earning qualifying degrees and certifications as well as an increase in headcount by three (3) floater firefighters
- **Overtime** increased from the prior year due to a budgeted increase in OES strike team deployments, an increase in wage rates due to the planned 2% COLA, and an increase in backfill OT due to the addition of Medic 86 for a full year. These increases are partially offset by the planned utilization of the additional three (3) floater firefighters.
- **PERS Retirement** costs increased from the prior year due to an increase in budgeted pensionable wages as well as increases in the required lump sum payments in 2024/25.
- **Workers' Compensation** costs increased from the previous year due to projected increases in the District's experience modification ratio as well as budgeted increases in covered payroll.
- **Health Benefit Costs** for both active employees and retirees increased due to a budgeted increase in qualifying FTE count by three (3), an increase in retiree headcount of three (3), and a weighted average CalPERS health plan premium increases of 10.79% in 2025.

SERVICE & SUPPLIES

- **Clothing & Personal Supplies** costs increased from the prior year budget due to the planned replacement of expiring turnouts in 2024/25.
- **Insurance** costs (general liability & property) are budgeted based on our actual 2024-25 premium rate, which increased significantly from the prior year due to (1) the addition of 9 vehicles, (2) an increase in overall property values, (3) an increase in overall budget size, and (4) an increase in call volume.
- **Maintenance of Equipment** is budgeted to increase based on current trends in the cost and volume of preventative maintenance and repair parts purchased for vehicles and apparatus.
- **Dues & Subscriptions** increased from the prior year due to the addition of several new subscriptions, including a Peloton subscription and a Business Prime membership, as well as inflationary increases on existing subscriptions.
- **Professional Services** increased due to (1) a projected increase in legal fees based on current usage trends and anticipated MOU negotiations in early 2025; (2) a projected increase in human resources costs due planned promotional testing and a budgeted increase in the cost of employee medical evaluations; (3) the addition of executive coaching services, a CRRD public relations messaging consultant, a Marble Valley consultant, and a CRRD fee study; and (4) the addition of election costs for the scheduled board election in late 2024.
- **Information Technology** costs increased from the previous year primarily due to the addition of Tablet Command (software and related implementation), a new software subscription for

- CRRD citation tracking, and a new finance general ledger, fixed asset tracking and procurement system (software and related implementation). There were also budgeted increases in existing software products due to contractual inflationary adjustments as well as estimated license and transaction count increases from the prior year.
- **Small Tools & Equipment** costs are budgeted to decrease from the previous year due to the one-time purchase of training, apparatus, and HazMat equipment in fiscal year 2023/24.
- **Non-Hosted Training** costs are budgeted to increase from the prior year primarily due to the addition of training manikins, an EKG simulation system, and several training courses.
- **EDC Hosted Training** costs represent the cost of training instructors and other materials/certifications needed to host training courses at the Employee Development Center (EDC).
- Capital Outlay expenditures budgeted in fiscal year 2024/25 include one (1) aerial truck, one (1) Type I WUI engine, and one (1) lake boat (grant funded), all of which were ordered in 2022 but are expected to be delivered this fiscal year. The capital outlay budget also includes a placeholder for station security, design of the second phase of the training facility, the upgrade of the main conference room AV equipment at Station 85 (partially grant funded), radio replacements (grant funded), radios and rescue tool mounts for the new aerial truck and Type I WUI engine, a flashover chamber and vent over fire prop at the training facility, SCBA partition brackets and burn cubicles for the hosted training program, Holmatro battery powered tools, and a new septic system at Station 91.

PENSION/OPEB UAL DISCRETIONARY LUMP SUM PAYMENTS

There are no budgeted discretionary transfers into the District's PARS Section 115 Trust accounts in fiscal year 2024/25.

EL DORADO HILLS COUNTY WATER DISTRICT RESOLUTION 2024-16

Resolution Adopting the 2024-2025 Final Budget

WHEREAS, the Board of Directors of the El Dorado Hills County Water District Board (the "Fire District") held a public hearing during which time additions and deletions to the 2024-2025 Budget were made; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors in accordance with Section 13890 of the Health and Safety Code, the Preliminary Budget for the Fiscal Year 2024-2025 is hereby adopted in accordance with the following:

| Wages & Benefits: | \$ 25,867,986 |
|-----------------------------|---------------|
| Services and Supplies: | 4,146,095 |
| Capital Assets: | |
| Structures and Improvements | 536,000 |
| Apparatus and Vehicles | 2,626,365 |
| Equipment and Other | 535,167 |
| Total Budget Requirements: | \$ 33.711.613 |

BE IT FURTHER RESOLVED that that the obligations for capital assets and any new permanent employee positions are appropriated with the adoption of the 2024-25 Final Budget.

BE IT FURTHER RESOLVED that the means of financing the expenditures will be by monies derived from Property Taxes, Grant Proceeds, Development Impact Fees, Reserves and Other Miscellaneous Revenues.

BE IT FURTHER RESOLVED that the Final Budget is hereby adopted and available for inspection by interested persons.

| The foregoing resolution was duly passed and adopted by the Board of the El |
|---|

EL DORADO HILLS FIRE DEPARTMENT

"Serving the Communities of El Dorado Hills, Rescue and Latrobe"

DATE: September 19, 2024

TO: Board of Directors

AGENDA ITEM: XIV-A

SUBJECT: Technical Specialist Assignment –Fire Chief Maurice Johnson – Crozier

Incident

SUMMARY/DISCUSSION

Chief Johnson was assigned as a Technical Specialist (THSP) with Sacramento Regional Incident Management Team at the Crozier Vegetation Fire. The dates of his deployment were August 9, 2024, from 1400 hours until August 15, 2024, at 0900 hours. The incident number was CA-AEU-022341.

This was an OES assignment funded by the California Fire Assistance Agreement (CFAA). The attached OES Salary Survey shows the reimbursement rate for the Fire Chief is \$144.02 per hour and the recommended reimbursement is in alignment with the 2024 OES agreement. All costs, including total time, is reimbursed to the Department by the State of California OES.

FISCAL IMPACT

There is no fiscal impact to the Department. The State of California will reimburse the Department for all personnel, vehicle use costs and will pay an administrative fee back to the Department. Chief Johnson's normal 40-hour workweek time is also covered by the State of California.

RECOMMENDATION

After subtracting the costs of the normal daily commitment to the Department, staff recommends that Chief Johnson be awarded \$15,410.14 additional compensation per the following table for his OES assignment.

Total OES Strike Team Hours Committed - 139 Hours

Standard Duty Hours Already Compensated - <u>32 Hours</u> (deducted)

Hours Committed to Incidents Beyond Standard - 107 Hours

107 Hours x \$144.02 per Hour **\$ 15,410.14**

OT Hours Summary Calculation

| Deployment Date/Time | Return Date/Time | Total Hours on Incident | Regular Scheduled Hours | Difference (OT) |
|--------------------------------------|---------------------------------------|-------------------------------|-------------------------------|--------------------|
| Friday, August 9, 2024 1400 hours | Thursday, August 15, 2024, 0900 hours | 139 | 32 | 107 |

Breakdown of Hours Worked

| Date | Scheduled Hours | Additional Hours Worked |
|-------------------------------|-----------------|-------------------------|
| Friday, August 9, 2024 (1400- | 0 | 10 |
| 2359) | | |

Maurice Johnson

Fire Chief

Resolution No. 2024-17 El Dorado Hills County Water District

Resolution of Appreciation To Engineer/Paramedic Thomas Anselmo

WHEREAS, CAPTAIN/PARAMEDIC THOMAS ANSELMO has provided loyal, dedicated, and outstanding service to the community of El Dorado Hills and the El Dorado Hills Fire Department during his twenty-six (26) years of paid service from April 13, 1998 through September 3, 2024; and

WHEREAS, Captain/Paramedic Anselmo brought his vast knowledge and experience in Firefighting, Emergency Medical Service Operations, and Community Service; became known for his strong work ethic, integrity, and dedication to the citizens of El Dorado Hills, El Dorado County, and the State of California; focused on building positive relationships and partnerships within the Department and Community; and

WHEREAS, Captain/Paramedic Anselmo has given unselfishly of his time and interest during the years that he served the District, particularly with regard to providing excellence in mentoring other Department personnel who ultimately promoted to the Captain rank and beyond, and offering his knowledge and experience to help educate others; and

NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE EL DORADO HILLS COUNTY WATER DISTRICT, that this Board does, on behalf of the District and all its inhabitants, express warm thanks and gratitude to CAPTAIN/PARAMEDIC THOMAS ANSELMO for his dedication and commitment as a Captain/Paramedic and does further extend to him best wishes in his retirement from the El Dorado Hills Fire Department and for continued success in all future endeavors.
