

SB 272 CATALOG

Updated 03/19/2025

On October 11, 2015, Governor Brown signed SB 272 into law. This bill requires local agencies to publish a list of “enterprise” systems. These are systems that are used across multiple departments or that contain information collected about the public **and** are systems that serve as original sources of data within an agency.

Certain systems are exempt from disclosure, including:

- Emergency services systems
- Information technology security
- Building access
- Mechanical controls

This catalog will be reviewed and updated on an annual basis by July 1 of each year (last updated 06/21/2023).
